

In The World Of Alternative Choose Your Freedom To Invest.

Sigma mill

The food & pharmaceutical industry demand extremely high degree of hygiene and safety during the process. That only can be achieved through basic equipment With high degree of versatility, quick response and Users friendly in a compliance of cGMP standard.

SigmaMill is the new innovation to the industry with a combination of our experience and industry demand, for multiple selection in a single source.

SSPM SYSTEMS & ENGINEERS

MULTI MILL / COMILL

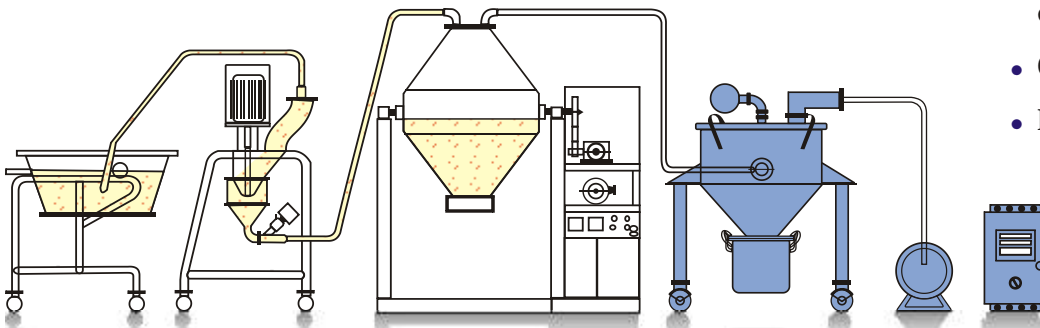

FEATURES

- cGMP construction
- Common design for Co-mill and Multimill
- Suitable for manual or inline milling through pneumatic conveying system
- Jacketed milling chamber
- All the contact parts SS 316 & non contact parts SS 304
- Vertical milling for higher productivity with minimum fines
- Very low noise level with higher output
- Detachable sieve design
- Belt less drive for clean environment

Optional Features

- Speed control through frequency drive for better milling
- Contact parts SS 316L
- Flame proof construction

BLENDER CHARGING THROUGH INLINE MILLING

TECHNICAL SPECIFICATION

Structure	Heavy duty form SS 304
Electrical Utility	5Hp / 4.0Kw
Control	Through DOL starter
Blade speed	3000 RPM
Sieves	Perforated sieve in wide range
Capacity	100 to 800 kg/Hr.
Dimensions in mm LxBxH	950 x 650 x 1800 mm
Net weight	300 kg
Gross weight	425 Kg
