

SIGMA MILL

Good Quality of Tablets depends on Quality of Granules

SYSTEMS & ENGINEERS

Output

100 to 250 Kg/ Hour

**depending upon the mesh size and Material density

Vacuum rated design

Plain Multimill

Flame Proof Construction

Milling is suitable for standalone as well as inline milling through pneumatic Conveying system.

Features

- Used for milling of Dry as well as Wet Material.
- Multi Mill Impeller is design for sizing the material with more fine generation.
- Dust free design with low noise level.
- Tool free design to provide quick & Easy Cleaning to Reduce Production down time.

Multi Mill (Knife Edge) Impeller

Impeller has 12 blade and 2 scrappers
